REACH-Statement

REACH Regulation (EC) No 1907/2006 – Information Obligation pursuant to Article 33

We hereby declare that we comply with the requirements of Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), as amended from time to time.

To the best of our current knowledge and based on the information provided by our suppliers, the products supplied by us do not contain any substances included in the current REACH Candidate List of Substances of Very High Concern (SVHC) in a concentration exceeding 0.1% weight by weight (w/w) per article. The Candidate List is regularly updated by the European Chemicals Agency (ECHA).

Should we become aware of any information indicating otherwise, we will fulfil our information obligations in accordance with Article 33 of the REACH Regulation.

This declaration is based on our current state of knowledge and on information provided by our upstream suppliers. Unless explicitly agreed otherwise or required by law, no analytical testing of all substances contained in the products is performed.

Should you have any questions regarding REACH-relevant substances, substance restrictions, or information obligations, please do not hesitate to contact us at info@adaptronic.de.

Yours sincerely,

Patrick Böhler
